SKIN CARE

Our experienced Estheticians will be sure to recommend a facial or skin care treatment to meet your specific needs. Guests should arrive twenty minutes before appointment time.

Oxygen Facial (60 min - \$175.00): The Oxygen Facial is designed to hydrate the skin by using pressurized oxygen to allow a serum to penetrate deeper into the skin. This fast-acting facial replenishes the levels of oxygen in your skin, eliminates wrinkles and blemishes, and restores a youthful appearance to your skin.

Vitamin C Facial (60 min - \$145.00): A vitamin C facial uses this ingredient to brighten, repair, and smooth the skin. Along with promoting smoother skin, vitamin C is also known to provide aging support and help your skin recover from the effects of heat, sun, and humidity.

Enzyme Facial (60 min - \$145.00): An enzyme facial offers dual benefits of enzyme chemicals as well as strategic hand movements and stimulation of pressure points on your face. All these results in increased blood circulation in the face area. Enzyme facials promote healthier, clearer and youthful skin

Personalized Skin Care Facial (60 min - \$125.00): Your Customized Facial starts with a cleanse/steam treatment, skin analysis, customized exfoliation mask, and extractions (as needed). Your session will conclude with a customized treatment mask and finishing treatment.

Express Facial (30 min - \$65.00): Our 30 minute Express Facial was created specifically for the person on the go. This customized Facial is uniquely designed to give maximum results in minimum time. Formulated to refresh, renew and revitalize, this treatment works with all skin types to reveal more youthful, healthy skin.
